dear curtis,

we, the staff of the  
jc annual, want to recall  
for you the past year of your  
life. do you think you could  
spare a few minutes of your  
time to reminisce with us?

first, we want to  
tell you of a dear friend,

a friend<sup>2</sup> whom you  
know and admire,  
and it is to him,

Mr. Harry V. Givens  
that we dedicate

this book. This year  
marks his twenty-  
fifth anniversary

as a capable and  
star member of  
faculty.

*top*—novander, mc evoy, christianson, johnson, bates, larson, hutton, eklund, maierhofer.  
*middle*—larkin, mattsoson, chabor, edwards, matthews, tesdal, witham, modeen.  
*bottom*—bertram, smith, giljames, carlson, andrew, egli, m. merrick, d. merrick.

the silver cross hospital nurses class of 1945 has chosen for its president, miss helen larson; vice-president, miss shirley ann maierhoffer, and secretary-treasurer, miss loretta modeen. miss janabelle smith, r.n., acts as class advisor, and dr. r. l. watson as class sponsor.

the class of 1945 entered nursing training august 28, 1940, and those who passed the six months' preliminary or introduction course were capped the following january. when a nurse is capped, she receives her small cap with one stripe on it. at the close of her second year she has two stripes, and her third, three stripes. when she becomes a graduate nurse, all stripes are removed.

the teaching staff is composed of doctors and registered nurses who hold classes right in the hospital and in the nurses' home. during the first six months, or the probation period, classes in chemistry, anatomy, and practical cooking are held at the joliet junior college under the tutelage of college teachers. the "probies," as the beginners are called, practice what they are taught on dummies and on each other. when they have passed rigid examinations, they are called to take their turn "on duty," which means to carry out what they have learned, on the floors of the hospital.

the first year deals mostly with floor nursing: that is, caring for medical and surgical patients on the floor and a month or so in the laboratory.

in the second year the students go more into detail with their department work, such as laboratory, surgery, central supply (sterilization of instruments, dishes, utensils, etc.), diet kitchen, drug room, and x-ray.

the third year student deals with obstetrical nursing, pediatrics, and assists in the supervision of the floors. the student is also given a three months' course in child care at the affiliation of the milwaukee hospital, milwaukee, wisconsin.

the girls give a minimum of three dances a year to which the public is invited. picnics and other recreations are planned by the student government which is likened to the student council of the college. the girls are also allowed to entertain their friends in the nurses' home and are encouraged to do so. during their courses at the college, the students are given college student passes to games and dances.

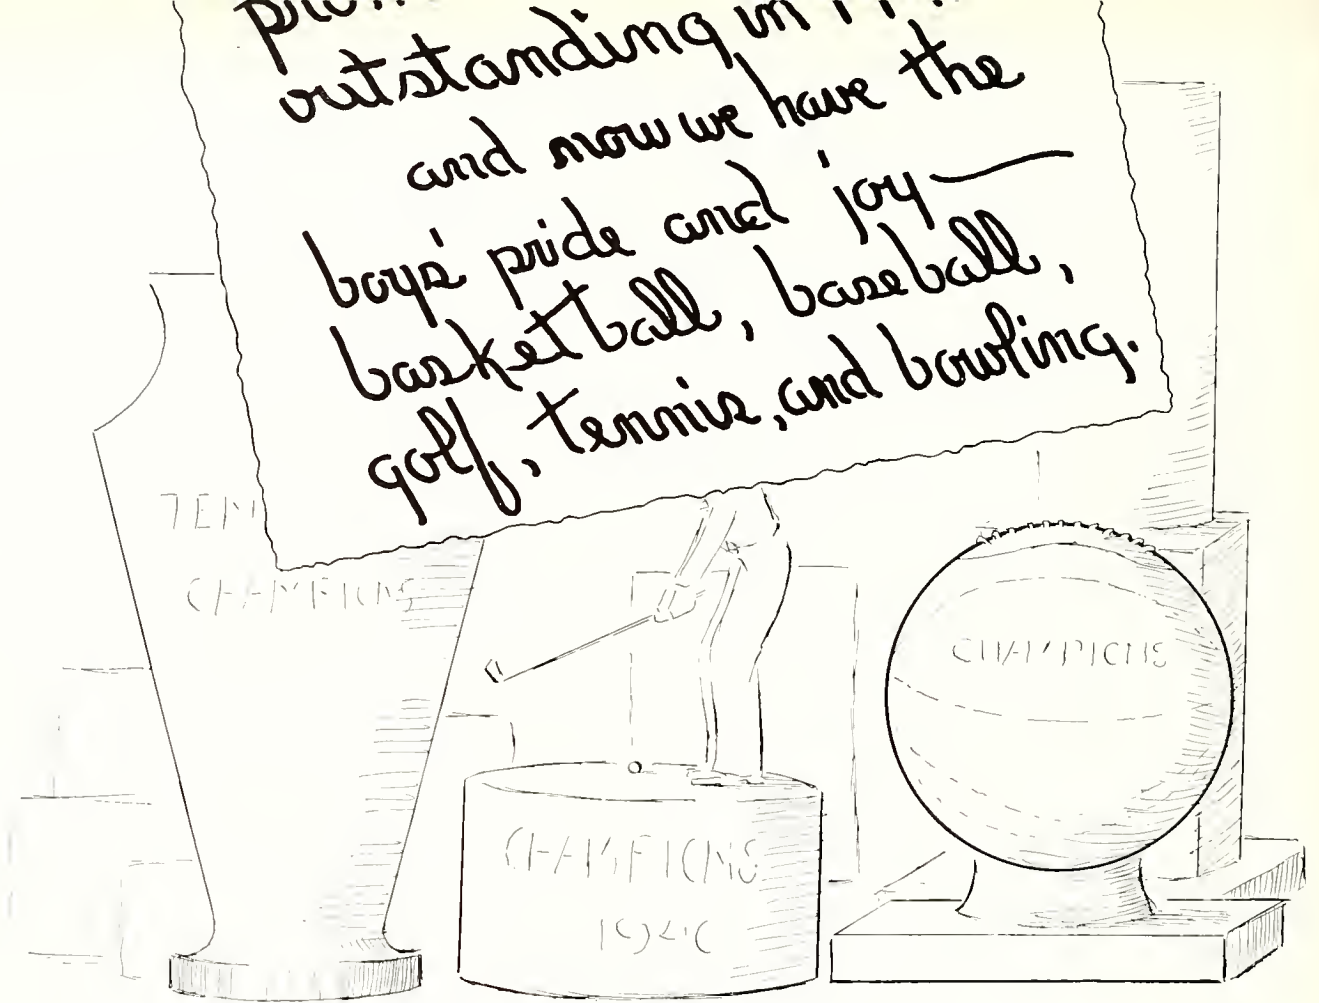

upon the satisfactory completion of the three-year nursing course at silver cross, the student becomes a graduate nurse. she may then take post-graduate work or specialize in a certain line in which she would like to continue.

all in all, the going is tough, but it is certainly well worth the while.

## a. a. wills, coach

coach a. a. wills is the man behind athletics at j.j.c. in his thirteen years he has brought many honors to the school in the form of athletic championships.

the 1940-1941 season saw coach wills bring to joliet fans one of his best basketball squads in his thirteen years of coaching. this year the team won twenty-seven games under the guiding hand of coach "fizz," while dropping only five.

this season marked the twelfth championship of j.j.c. in the basketball conferences and their fifth championship in nine tries for the state title.

the cagers, however, didn't get all the attention. for the coach has done an equally fine job with his golf and baseball teams.

his influence is felt throughout the entire sports department and, in fact, the whole school. we all take our hats off to coach wills!

# captains of sports

*basketball—bill smith*—the captain of the state champs is the honor bestowed upon "smitty," the wolves' towheaded forward. through his two years of competition, "smitty's" consistent play and good sportsmanship enabled him to become the choice of the team as its honorary leader for a great season.

*william smith, basketball*

*david webb, baseball*

*baseball—dave webb*—"spider" is the leading representative of baseball. his choice came through his ability to spark the team while on the field. besides becoming the number one pitching ace of the wolves' staff, "spider" also takes his turn at third base when not pitching. in becoming a dual personality on the team "spider" acts as the able leader. under his direction the baseball squad continues through a great season.

*golf—russ stevens*—the captain of this year's golf team, russ is a returning regular from last year's state champs. in finishing in second place in last year's state tournament russ has made himself the able choice for this year's captain. the team is well balanced and with russ as the mainstay is looking forward to a formidable season.

*russell stevens, golf*

*richard oldani, bowling*

*bowling—dick oldani*—in becoming captain of the winning bowling team of the intramural league, dick has helped to bring a new sport to j.j.c. through his able leadership dick's team was able to set up a season's record of fourteen wins against three losses, thus enabling it to win the crown of j.j.c. bowling champs.

*tennis—john barnes*—the only returning regular from last year's tennis squad, john is the choice to lead the team this season. john represents the nucleus about whom coach larson relies to carry his attacks. in playing both singles and doubles john is the spearhead of this year's tennis squad.

*john barnes, tennis*

# boys' athletics

# illinois state champions

*russ stevens, "roscoe"*—regular forward and high scorer on this year's squad. russ led the team in scoring throughout the year by his ability to score consistently on his one-handed push shots from the free throw lane. russ will leave a real hole in the team when he graduates this year.

*bill smith, "smitty"*—regular forward and captain of this year's "state champs." a great player both on offense and defense, his two-handed set shots and his left-handed hook shots made him a feared man on the offense. "smitty" made up for his size through his floor work and speed, second high scorer on the team, "smitty" graduates.

*art rimmke, "satch"*—a regular from last season. art kept up his regular duties on this year's squad. his height, which he used to advantage, made him a great asset. art's ability on rebounding and dribbling made him an offensive threat. art graduates this year.

*dave webb, "spider"*—regular guard on the "wolves." dave was an asset to the team due to his great passing and guarding ability. when the going became tough, "spider" was a reliable man in stopping the opponents' scoring threats. when a few points were needed, "spider" came through. a freshman, he has one-half year of playing left.

## state trophy

for the fifth time in nine years joliet has won the state title. yes, that large glittering gold basketball in the trophy case is symbolic of this achievement. this isn't a common sight in the j.j.c. trophy case but is always a welcome treasure for efficiency of the purple and white quintet.

*bob spangler, "spangles"*—the sixth man on this year's "wolves." bob was a valuable replacement at forward. his ability to score consistently made him an offensive threat along with the regular forwards. a freshman, with plenty of experience, bob returns next year.

*joel blum, "breather"*—a newcomer to this year's squad, joel developed fast and became the regular pivot man. joel's ability to work with the ball under the basket made him a valuable man to the "wolves." his height and rebounding ability were an offensive threat. a freshman this year, joel will return next season.

*al waznis, "waz"*—one of the five second year men on the squad, "waz" was used as a reserve guard. his experience and ability to play defensive ball made him valuable to the squad when the regulars needed a rest. "waz" graduates this year.

*dick pearson, "lick"*—"the find of the year." dick was thus called by many. his ability to play any position on the squad and score consistently made him a threat to the regulars. dick's height and speed made him good on both offense and defense. dick will be back next year.

# basketball

## conference trophies

this season two more trophies were brought to the j.j.c. trophy case. these signify the winning of the suburban conference title and runner-up in the conference playoffs. these trophies along with the state trophy are emblematic of a great season enjoyed by the 1940-41 purple and white basketeers.

george shepley, "som"—a reserve guard of the "wolves." shep was used mainly as a utility man. his ability to set up plays made him very useful. a good defensive man, shep gained experience this year for taking over a guard post next season.

dick oldani, "butch"—a late comer to the squad. dick developed into a valuable reserve guard. his ability to make two-handed shots from the side when going was tough made dick a potential offensive threat. his ability to rebound and to guard on defense made him an all around player. dick graduates.

gordon graham, "gordie"—the tallest man on the squad. "gordie" was used as reserve center. when height and rebounding were needed, "gordie" got the call. he returns.

harvey vollmer, "harve"—a hard driving forward. harve was a reserve on this year's squad. his driving ability makes him hard to guard. harve will be back next year with plenty of experience.

john williamson, "tex"—the student manager of this year's squad. a hard working lad, "tex" was around when help was needed and made sure all was well with the team when it was on and off the floor.

after a lapse of a year from winning conference championships, j.j.c. came through the 1940-1941 season undefeated.

in the first year of the plan dividing the illinois junior college conference into two sections, the city conference and the suburban conference, the wolves won their division, the suburban conference, by amassing a record of eight consecutive victories as compared to no defeats. the teams who, along with j.j.c., made up the suburban conference and who succumbed to the victorious wolves during the season were maine, la salle, morton, and la grange.

in accordance with the plan set up under the conference ruling, the winners of the two divisions, the city and suburban, were to meet in a play-off series to settle the title of conference champs.

after winning eight consecutive games from junior college opponents, the purple and white finally met their conqueror in wilson junior college, city champs. in a gruelling three-game series the wolves lost to wilson 46-41 on their home court, won from wilson 47-55 at wilson, and then lost the conference crown to the city champs, 42-40, in a thrilling contest played at the university of chicago.

this ended a very successful conference season for the wolves, suburban champs.

# cheer leaders

J. gates

A. liebermann

*yeah purple, yeah white, yeah joliet,  
let's fight!*

again, as is the usual custom, these words rang true and clear throughout the basketball season. this year, as never before, there was a greater chance for the fans of j.j.c. to shout these words of encouragement.

to make this possible, j.j.c. designated two students, frank gates and art liebermann, to lead the fans in keeping up the spirit of the game.

their duty is not only to lead cheers and keep up the spirit of the fans and followers of the team but to bring encouragement to the team when the going is tough. they also lend a hand in keeping the spirit of the fans high at all times by their expert cheers and cheer-leading.

to our cheer-leaders we say "hats off" for keeping the fans in the spirit of the game at all times.

*(Continued from page 39)*

this season the 1940-1941 schedule for the purple and white was one of the toughest ever set up by coach wills in his thirteen years' coaching career.

the wolves took care of this 52-game schedule by winning 27 and losing 5. while winning twenty-seven games the wolves won the conference and state titles and finished runner-up in the conference playoffs.

besides playing all the top notch junior college teams in this area, the wolves also played many prominent four-year colleges, among whom were anderson college, indiana; concordia; dekalb; muskegon, michigan; sterling college, kansas; elmhurst; rose poly tech; and king's college, new jersey. out of the games with these four-year colleges the wolves won eight games while losing three.

\* \* \* \* \*

the team, representing the purple and white in amassing the best record of coach wills' thirteen-year coaching career, was made up of six sophomores and the same number of freshmen.

the six sophomores who made up the nucleus of this year's squad were russ stevens and captain bill smith, regular forwards; art rimmke and dave webb, regular guards; and dick oldani, reserve guard. the freshmen who developed with plenty of experience and who will make up the nucleus for the wolves next year are bob spangler and harvey vollmer, forwards; joe blum, regular center; gordon graham, reserve center; dick pearson and george shepley, guards.

the junior college state tournament was again returned to joliet, and with it came another state championship. this season the wolves captured the title by crushing its three opponents by decisive scores.

in bringing the state title to j.j.c. the purple and white defeated la grange 66 to 58, morton 54 to 20, and in the final they overwhelmed wilson, chicago champs, 47 to 28. these three victories tacked the cover on one of the most successful seasons ever enjoyed by a j.j.c. team.

in acquiring the state title the wolves defeated the best in the long line of junior college opponents in this area, and in the final achieved revenge over wilson, the only junior college team to defeat them during the regular season.

this last conquest ended a victorious and successful season for the wolves. in winning this state title, it marked the fifth out of nine such conquests for the wolves and was a fitting climax for a great team.

## conference champs

for the past few seasons joliet has been the leader among the junior college golf teams of this area. in an attempt to repeat their performance of the past two years by winning both the conference and state titles, the wolves lost their chance by losing in the state meet to la grange by six strokes, after capturing the conference crown easily.

their loss in this meet was the first suffered by the locals in conference competition in their three years of golfing supremacy. led by captain russ stevens, the wolves put up a courageous fight in losing to la grange. russ put on a great individual show in capturing the individual title by breaking the tournament record for thirty-six holes with a score of 76-71 for a 147 total. other scores among the locals entered were: ernie designor 169, for fourth place, dick zalar 182, and willie long and jim adelman with scores of 185 and 186 respectively.

the conference title for joliet was an easy one and was accomplished after winning six consecutive matches. the loss in the state meet left the wolves with a season record of six wins against one defeat. this lone loss gave the wolves an admirable showing for the season which closes with the graduation of its five first team members.

# tennis

*clark, roads, larsen, barnes, long, snure.*

this year's tennis team had only one returning letterman from last season. the team was composed of five men, three sophomores and two freshmen. the members lined up in the following order: john barnes, no. 1; robert roads, no. 2; william long, no. 3; robert snure, no. 4; and doug clark, no. 5. all five men played doubles. so far this year the team has a record of two wins and three losses.

playing for joliet in the state tournament will be john barnes, singles; and william long and robert roads, doubles. the state match will be held saturday, may 24.

# bowling

this was the first season for bowling, and it was a very promising one. the intramural league title was won by the consistent scoring of the team, captained by dick oldani, and made up of jim elens, dick zalar, ned grabavoy, and john williamson.

deane erickson and john crosetto were two important members of the team who left school before the end of the season. they were high scorers with marks of 165 and 169, respectively. the team's average was 161. they won 14 out of 17 games.

the second place team consisted of jack treadman, willie long, ernie designor, bill meyer, and george volling. the highest score of the tournament was made by the team captain, george volling. other high scorers were russ stevens and bob snure of the third place team.

with the success of the league this season, intramural bowling has found its spot in the athletics of j.j.c. and will be continued as an interscholastic sport next year. this season's intramural league was the first of its kind and made an interesting and competitive sport for the college bowling aspirants during the winter sport season.

*\*conference games*

the 1941 baseball season found coach wills with one of his most promising baseball teams of recent years. facing a tough schedule of twelve games, including six conference and six non-conference games, eighteen players responded to coach wills' call for practice.

as the season started, the wolves were well fortified along all lines at bat and on the field with a well-balanced squad. the wolves were well established along the pitching line with captain dave webb, al waznis, dick pearson, and joe blum taking over the mound duties. webb was lost to the team when he suffered a broken ankle in the lisle game. the infield was made up of blum, pearson, and jim elens at first, matty rogina and ed martin at second, russ stevens at short, and jim sexton at third. the catching duties were taken care of by ned grabavoy. the outfield was made up of george shepley, dick oldani, john hummel, bob gleason, and bill smith.

at present this contingent of wolves has enjoyed a successful season. going into the home stretch with five games left to play, the wolves have a record of four victories out of seven games.

the wolves, who are in second place in the conference race with two wins against one defeat, are looking forward to meeting wilson in their last game of the season for the conference title.

an opportunity for participation in a sport according to your own interest and ability, whether you be studious, shy, dynamic, frail, or gregarious, is offered by the woman's athletic association. your idea of fun may be different from the girl next to you, but surely you can find something which will give you wholehearted enjoyment in a program which includes archery, badminton, bowling, golf, horsebackriding, shuffleboard, tennis, baseball, basketball, swimming, and every type of dancing. it is the aim of the organization to have a sport for every girl and every girl in a sport.

the girls who participate in sports learn to think quickly and to make accurate judgments. they will also be willing to attest to the joy and satisfaction which they gain from such participation. with a knowledge of the workings of the body and the establishment of good habits of health and posture, good health should be maintained. the happy individual is the one who through healthful habits of exercise, diet, and recreation keeps the spark of youth alive within, even though the skin is wrinkled and the hair is white. If you would stay young, then live an active, joyful, enthusiastic life. live today and look forward to the morrow.

this year the club sponsored a combined business and social meeting the first tuesday of every month. besides these regular activities, other functions sponsored by the group during the year were a mother-daughter tea, father-daughter sport night, mother-daughter sport night, box social, and faculty tea.

# christmas tea

we entertained our mothers at a tea after school in december.

several groups of dancers from the terpsichorean club and the string ensemble from the high school orchestra appeared on the program, given from the auditorium stage. we went to the girls' gym for refreshments and an informal social hour.

## formal dance

friday, november 22.

*dear diary:*

heavenly is the only word i can describe the dance with—our fall formal. everyone looked so smooth, and the decorations were so pretty. everyone, dressed formal, of course, looked and felt so very sophisticated, and no wonder.

judy guerin and bill smith—they're going steady now, and they are so cute together—they were there. norma fischer was swinging high and low with louie hedstrom, easily one of the best dancers in j.j.c. mose limacher and his girl from st. francis, peggy munchaufen, were definitely engrossed in one another—so i'm afraid the lassies that thought he was smooth and a good prospect will be thoroughly disillusioned after tonite.

everything was perfect, but the hour is late, and i'm too tired to write any more, so, adieu - - - -

## activities

# “spring dance”

phillip barry wrote this hilarious three-act comedy, "spring dance," which involved a number of love affairs and countless other incidents. it centered around life in a sorority house and was very realistic.

the cast was made up of: bob cary, lippincott; virginia sellards, kate; james moir, becket; betty jane jensen, sally; al steed, buchanan; mary jane hobson, alix; john morrisey, hatton; jean douglas, frances; bruno sismondi, boyd; dara prew, mrs. ritche; george rogers, sam; mary alice werner, mady; and frankie may boyland, mildred. miss esther schwerman directed the play.

assistant directors were marjorie mcclain and bill petropolis. the publicity committee was made up of betty lou johnson, shirley morse, june schiek, and bob chappell. those in charge of the stage were bob cary, bill johnson, edward thoren, and bill meyer. the properties committee consisted of lea borkon, beverly mathias, and lois meyer. make-up was in charge of dorothy burr and marjorie ward.

# skating party

friday, october 25.

dear diary:

i feel just like i'm on roller skates! i went to the skating party tonite, and since i took the skates off, i've felt like i was rolling along - - you know the feeling.

i didn't know johnnie harrington was such a good skater. he was really going to town. he and gene baller were whizzing around all night having a marvelous time.

the johnnie barnes—betty jensen romance is really going strong. they're a good couple, tho rather surprising.

i laughed my sides sore at bob gabriel - - - or i guess i should say monsieur gabri - - el. he had a terrible time standing up - - in fact, he spent a good majority of the time on the floor. and that french tam - - oh, me! frenchman de-luxe!

i can see myself tomorrow - - stiff - - oh dear - - i'd better sleep late in the morning - - - - -

# september mixer

sept. 15, 1940.

dear diary:

hi to a new school year. it seems good to be back in the harness again, and our first social affair really was a success.

the dean welcomed the old and new students. all of the faculty members were there, and the club presidents or representatives gave their little speel about their organization. that was at the banquet, of course. then we all adjourned to the gym.

dancing prevailed. there i met lots of kids i have been wanting to meet ever since school started. some awfully good looking fellow from catholic high - - ray dempsey. i think his name is - - cut in. mmmmm, is he smooth - - - watch out, ray, j.j.c. gals will be out for you!

the former j.j.c. students, gale brown, jack becker, bob crombie, chuck scully, frank prange, and others, were all present after spending rush week in champaign.

well, we're off - - me on the last lag of the scholastic journey - - at least as far as i can go here. hope it's as nice a year as last year was. j.j.c.'s a good school at that.

my, how i'm rambling - - i'd better get to bed - - tomorrow's another day - - and the weather's so nice. till the morning, then - - - - - toodle-oo!

1. the boss in the groove.
2. there's something about a soldier.
3. find the missing legs.
4. frankie and johson.
5. serious business?
6. "dipping" the light fantastic.
7. jitterbags.
8. jean - - - but where's jimmy?
9. veloz and yolanda.

# freshman dance

dear diary:

the freshman dance was tonite - - really super! martha allan, "poof" francis, patty burress, lib haynes, george buck, and art liebermann - - after spending the week working like slaves - - really put on a keen dance.

the green decorations were clever and timely - - for the national freshman color and also for st. pat - - whose day we celebrate next monday.

everybody was gay - - and were they curious about alberta johnson. she came with a strange man (after the recent break-up with hessy) - - found out later in the evening he was a radio announcer at wels. (could it be that june fixed her up?)

mary fran martin was there with bob herath and her old flame, you know the redhead, from illinois came home and caused trouble. wonder how it'll turn out?

all of the kids were out at murphy's afterwards - - nicky cox and dolly petersen, nicky radakovich and mary coppotelli, even george rogers showed up, with marge erickson, of course - - and me, too - - but i'm badly in need of a little shut-eye - - - - - g'nite.

friday, march 14th.

# sport nights

dear diary:

thursday, jan. 16.

oh, how tired i am, but i did have a wonderful time. we went to the sport night, box social, and dance. really a big night - - - 4 till 11:50. it was the best party j.j.c. has had this year, i vow. everybody mixed perfectly. mr. leinenweber and his wife were just like two of us - - and when everybody circled around them and gave them the milk bottle "loving cup," and he put it down and spun it round and round for all of us to play spin the milk bottle again, we all agreed he was a pretty good sport.

b. j. jensen, in her monotone, rendered "maybe" to the distress of everyone; and jackie treadman jitterbugged to everybody's delight. several of the fellows that used to be in the high school band took places in roy gordon's orchestra - - laurie ahti, nick radakovich, bob clark - - they were good, too.

everybody adjourned to floyd's to continue the party, and then we had a flat tire - - - it's awfully late - - so - - - - good nite - - - - -

all is not gaiety at  
jic for we show a serious  
mood in our work-a-day  
world through our clubs  
and organizations. Those  
students not interested  
in athletics find an  
opportunity for service  
and recognition here.

## the j. c.

we certainly lost a few nights' sleep until all of those yearbook subscriptions were in, and we were sure that we had your support. perhaps you hadn't thought of it, but it is really an achievement for a college with as small an enrollment as ours to publish an annual. what is even better is that it is first class material, too. however, this wouldn't have been possible if everyone hadn't cooperated in the loyal way that he did. nearly everyone in college subscribed for a book of his own. it was a mixture of work and fun for the staff to get the material together.

miss bunch certainly deserves a medal for her patience while working with us and for her ever-ready willingness to help us over the rough places.

this year the j.c. staff sponsored the sale of ice cream at the college basketball games during the season and the tournament, and a social hour which was held in the spring.

there was a commotion every other friday afternoon (a bigger commotion than usual, i mean) which meant that the blazer was coming out, and at least half of the student body were trying to get theirs without waiting for it to be put into their lockers. let us assure you that you didn't enjoy reading it anymore than we enjoyed putting it together for you. it was more of an honor than ever this year to be a member of the blazer staff because for the first time we had an office. miss hyde, our sponsor, was in every way one of us and could always help us out, no matter what we asked of her. do you remember how the staff used to look in the blazer?

the officers of the club this year were:

the camera club was one of the newly organized clubs of j.j.c. this year. the members of this club were schooled in the use of the camera and in the developing of films by their sponsor, miss wolfe.

the members of this club, especially luther eggman who served as the jc staff photographer, helped to take snap shots and to develop them for the annual.

the members of the club presented some of their prize work this winter in the hall near room 299. this exhibit was viewed by almost all pupils as well as by many outsiders who came in to see it after their children had brought the news home.

the club met every tuesday in miss wolfe's room.

the college-y club is a social organization of the fellows from j.j.c. mr. harry givens and mr. "vic" rompell of the y.m.c.a. are the club sponsors. meetings are held the first and third wednesdays of each month.

while the weather permits in the fall and spring, the meetings are usually held at the forest preserve. during the winter, meetings are held at the "y".

each meeting is a dinner meeting, followed by a speaker or some form of entertainment. some notable speakers which the club was privileged to hear included miss gretchen huth, coach ralph potter, mr. earl douglas, and mr. ernest wunderlich, who accompanied his talk with color pictures of the canadian wilds.

besides a number of smaller social events, the club sponsors the annual new year's eve ball, held in the high school gym. each year the club holds a date banquet which is restricted to members. it was held april 15th this year with mr. charles murphy as guest speaker.

the club changes officers each semester, thus giving each member a chance to serve as an officer or to serve on certain committees.

the current events club was organized for the purpose of letting the college students express their views on the present day situations and problems of our country and other countries. there were many heated arguments during the course of these meetings, some of which had to be settled by the sponsor of the club, mr. h. d. leinenweber.

the club discussed various topics of interest throughout the year. some such topics were: (1) the contents of the set of lectures sponsored by the rotary club; (2) the third term and the election; (3) the european war; (4) messieurs hitler, mussolini, stalin, churchill; (5) the japanese actions in china; (6) the united states' policy in the present european war.

the club met every tuesday the tenth period in mr. leinenweber's room. at one time the rolls of the club showed thirty-five members.

the french club enjoyed many good times, and every one looked forward to the meetings which provided splendid opportunities for the members to utilize what they learned in class. the club is conducted in a social atmosphere, and because of this, using the language becomes fun instead of work. many different games are played at the meetings, some of which are: question-asking, crossword puzzles, phonetic symbols, remembering various terms, spelldowns, pronunciations, and speeches dealing with historical french life and personalities.

the french club sponsored various candy sales during the year to raise money to have a big christmas party, at which refreshments were served, and to meet other expenses of the year. other parties were held during the course of the term.

this year the club had a french paper which was edited and distributed by bob gabriel. each club member paid five cents for it. it contained jokes, discussions of certain individualistic personalities of the school, and sometimes even gave advice. the paper was called "la bonne valonte."

| <i>reporter</i>       | beverly mathias       |
| <i>sponsor</i>        | miss esther schwerman |

the mask and wig club made its debut this year under the guidance of miss esther schwerman. meetings were held every wednesday after school. throughout the year many varied and interesting programs were given. but the main events were: mrs. lois zarley robson's puppet show and jack rank's one-man performance of "the taming of the shrew." to raise money a candy sale was held in december and a dance program in january. during the year the club members worked on one-act plays which were given at assemblies or for outside groups, such as the business and professional women's club. differing from some dramatic clubs which are composed only of students interested in finding enjoyment behind the foot-lights, ours is made up of people interested in costumes, make-up, properties, scenery, managing, writing, and other branches connected with the stage.

much has been accomplished by the mask and wig club during its first year, but there is much yet to do. miss schwerman's room is quite large, so the members have hopes of converting it into a tiny theater to provide a more appropriate atmosphere for the plays.

mr. almond fairfield, another faculty member, was an interesting speaker on make-up and also was very generous with his services in making up the cast for the junior college play, "spring dance."

# publicity board

*petropolis*

*schick*

*wilson*

the publicity board is one of those small, not much talked about, but very busy committees set up by the student council. at the beginning of the first semester james wilson and june schick, with william petropolis as chairman, were appointed to publicize the activities of the college.

the work of the publicity board consists largely of radio skits which include interviews with students on various activity committees, and articles which appear in the blazer, joliet herald-news, spectator, and j-hi journal. the board also has charge of placing informative posters in conspicuous places in the city, high school and college building.

much of the success of the spring and fall formals, freshman dance, and college play was due to the efforts of this committee. the results of the publicity board are kept on file in the junior college office.

# social and assembly board

miss mather is the chairman of the social committee and is aided by mr. frisbie, mr. douglas, mrs. kirby, john barnes, and grace mcdowall. this past year the social committee spent a great deal of time formulating a set of rules and regulations which from now on will govern all social activities of the college. due partly to the activities of the social committee many more social events were held during the year of 1940-41 than ever before. the social committee advocated, at the recommendation of the student council, that there be a closer relationship between students and the faculty.

the assembly programs were in charge of the assembly committee, the members of which were mr. leinenweber, mr. mayo, miss schwerman, dara prew, and john morrisey. the program for the year included several lectures sponsored by the rotary club. a symposium on "educational trends" was conducted by mr. douglas and miss barns, november 6. warden joseph ragen gave a talk on his "experiences at stateville," december 11. superintendent jordan discussed "educational attitudes" on january 28. we had a victory pep meeting for our basketball team on march 5. mr. russ hoogerhyde gave a splendid talk and demonstration on archery, march 15. april 8 our assembly was especially interesting because helen hiett told us of her experiences in war-torn europe. on may 6 our assembly series was terminated by a play, "curse you, jack dalton," which proved to be a typical old-fashioned "mellerdramer."

*seated:* j. morrisey, miss mather, mr. douglas, mr. frisbie, mr. mayo.  
*standing:* g. mcdowall, mrs. kirby, mr. leinenweber, j. barnes, miss schwerman, d. prew.

|-----------------------|---------------|
| <i>president</i>      | john barnes   |
| <i>vice-president</i> | robert cary   |
| <i>secretary</i>      | john morrisey |

the student council, which consists of thirteen members, is sponsored by mr. frisbie. the basis of representation is as follows: the sophomore class officers (5), freshman class officers (5), french club (1), boys' athletics (1), girls' athletics (1), college-y club (1), the jc (1), blazer (1), dramatic club (1).

the student council oversees all the college social functions. they appoint the chairmen of various social functions and then supervise the progress made by the committees. for some social affairs the council has assumed entire responsibility.

the council also appoints the publicity committee, which handles all college publicity.

this year the council has installed a bookkeeping system which gives the council reference to the balance of cash in the accounts of the represented organizations.

besides these duties the student council arranges for the fall and spring college picnics. it also helps dean yaggy with the annual beginning and farewell banquets. the members of the student council also draw up a tentative calendar of events for the coming school year. they helped dean yaggy to revise the percentages of the activity fee which is distributed to each organization each year.

the council is at all times open to the faculty and students of junior college.

the council met the ninth and tenth periods every monday.

# “sweetharts”

meeting a public request, the music department presented victor herbert's world-famous “sweetharts” on april 25, 24, 25. students of the junior college figured prominently in the production.

sylvia as an infant is found in a tulip garden one morning by dame paula who conducts the laundry of “the white geese.” sylvia is brought up as the adopted daughter of paula, although the latter has six daughters of her own. mikel mikelovisky disguised as a monk, left the infant sylvia in dame paula's care. knowing that sylvia is the crown princess of the kingdom of zilania, mikel is conspiring to restore her to the throne, which is about to be offered to franz the heir presumptive, who, traveling incognito, has fallen in love with sylvia and finds a rival in lieutenant karl, a military lothario, betrothed to sylvia. mikel's plans are endangered by the schemes of hon. percy algernon slingsby, petus van tromp, and aristide caniche who wish to purchase, for their own purposes, prince franz's estates in zilania. liane, a milliner who has sought temporary employment in the laundry of “the white geese,” is mistaken by mikel and slingsby for the lost princess. the events following in clearing up the situation provide an evening of riotous laughter and enjoyment.

the role of mikel mikelovisky was played exceptionally well by nick radakovich while garland mccowan was the college student director.

the two very important details of wardrobe and make-up were admirably executed as a project in the college class of public school music.

others in the group assisted in the orchestra.

front row: schrowang, greenberg, ward, printz, kinsley, guso, hoefler.  
back row: miner, ice, l. meyer, radakovich, baker, eggman, mc cowan.

## calendar

september 3—registration day. there seemed to be some mix-up—the sophomores didn't know whether they were supposed to come or not because the freshmen had a big intelligence test which they enjoyed, i'm sure.

september 4—class assignments were given out. everyone rushed around to see who was in whose class. all the freshmen were groaning if they weren't in mr. blampin's class, but the sophomores consoled them by saying the other rhetoric teachers weren't as bad as they had heard.

september 13—a few mishaps at the mixer dinner. lois jahneke tried to see how far a glass of water would slide on the floor.

september 24—first assembly.  
mr. yaggy greeted all the "eager young" freshmen.

september 25—jack rank entertained the dramatic club with an interesting talk about acting. he also gave advice to hollywood hopefuls. all the boys are on their best behavior to receive invitations to the w.a.a. dance.

### calendar—*continued.*

*september 26*—don't tell anyone, but the high school bowling team beat the rambling raiders soundly.

*september 27*—the riding club met for the first time. much to helen smith's embarrassment, practically everyone saw her take a "header" off her horse.

*september 28*—frosh-soph football game.  
the poor sophomores went down to defeat 12-6.

*september 25-27*—a "hot" campaign went on in the halls for the elections of the class officers.

*october 1-4*—all is over except the celebration because the elections are over. the honorable(?) john barnes heads the sophomore class. the freshman president is john hummel. (i don't know any dirt about him.)

*october 11*—cider swing—mary jane francis seemed to like to dance in her stocking feet. perhaps it was the art lieberman influence.

*october 14*—first six weeks' report—many were the long faces seen in class room and hall. many "pleasant" words about the injustice of this or that were heard.

*october 18*—students have been offered a c.a.a. course. some of the future fliers are bill elms, bill petropolis, bob hess, and ray herkert.

*october 25*—a will county chemistry club is going to be organized. here's your chance to get together and blow up something, chemists.

*october 27*—martin dies spoke on "skeletons in our closets."

*november 1*—skating party—fun and falls for everyone, thanks to bill kaldem and others.

*november 5*—election day.

*november 6*—A human wheelbarrow parade of republicans went down chicago street today. they have my sympathy.

*november 7-9*—jim wilson and john barnes went to a.c.p. conference at detroit.

*november 13*—mother-daughter sports night. games and refreshments were enjoyed by all.

*november 14*—picture day for yearbook.

*november 15*—"spring dance"—betty jane jensen had a part that suited her—the great rodgers was at his best—mary jane hobson was the dramatic hit—jean douglas added comedy to the play, so that altogether it was a success.

*november 17*—election bets are still being paid off. even i was sucked in.

*november 19*—mr. yaggy remarked about the poor alphabetical arrangement when the "d"'s were sitting next to the "w"'s. you guessed it, earl deneau and marge ward.

*november 22*—college formal. the decorations departed from one of the walls much to the consternation of the decorating committee.

*december 10*—betty jane jensen new head of mask and wig club, with shirley morse assisting.

*december 13*—skating party held at the broadway skating palace. a mixup occurred when bob cryder tried to make a turn and didn't.

*december 15*—the versatile and talkative june schiek is going to have a new radio program, we hear.

*december 20*—christmas vacation found everyone ready for it except some of the freshmen who didn't have their long themes in.

*december 31*—new year's dance. it was a wow! no one had a better time than "snake-dancers" jim duguid and "sonny" herkert. bob cary and john barnes said the champagne was at its best that night.
